

BIM COORDINATOR

Hausmann has steadily matured into one of the region's premier commercial general contracting, construction management, and design-build firms. Our team is seeking a creative visionary to assist in the coordination and implementation of the BIM and VDC technology to assist clients throughout the construction process.

As part of the team, this position will also create and assist in the Audit and Review of 3D models, conduct clash detection and virtual walkthroughs and assist in the coordination of meetings with project team members. Knowledge in the use of Bluebeam, Autodesk Revit, AutoCAD, Navisworks and BIM 360 is preferred, along with an Associates Degree in BIM or Computer Aided Drafting and Design and a minimum of two years' experience in design, drafting or engineering. The ability to effectively manage projects to high-quality completion, problem-solving skills, attention to detail, along with excellent communication skills and a team attitude will all be sought in a successful applicant.

An exciting opportunity with Hausmann awaits the right candidate. We are a busy, high-volume and friendly environment that will suit a hardworking person with the desire to grow in a company with an award-winning culture. Benefits include a competitive wage, a comprehensive and competitive benefits package, an energetic work environment and opportunities for advancement.
